SIXTY MINERS MEET DEATH IN BLAST IN ALABAMA IRON MINE

475 Men Were Trapped By Explosion of Dust Yesterday.

BULLETIN.
By Associated Press Leased Wire
Birmingham, Ala., Nov. 23.—Eighty-four lives were lost and sixty persons were injured as a result of an accident and explosion yesterday in Dolomite No. 3, coal mine of the Woodward Iron Co., according to a statement issued at noon today by Frank H. Crookard, president of the company.

Of the injured, 35 were removed to their homes, 25 were in hospitals. Work of identification had not been completed but it was believed that there were 38 white dead and 20 white injured.

By Associated Press Leased Wire
Birmingham, Ala., Nov. 23.—Work of removing the dead from Dolomite mine number 3 of the Woodward Iron Company, in which 475 men were trapped by an explosion yesterday, was renewed with vigor by rescue crews aided by undertakers' assistants today after daybreak. Company officials estimated that the list of dead may be increased from 83.

Checking of injured indicated that the list of sixty was approximately correct. Of the dead 35 were white men, of the injured 80 per cent are negroes, according to company officials.

Wreck Caused Blast.
At least fifty men were either killed or injured when a train of tipple cars running wild from the tipple crashed into the mine yard in the main entrance. This accident caused the snapping of an electric cable, which set off the dust which resulted in the explosion. The concussion rocked the earth for miles around and occurred so nearly simultaneously with the accident which produced it, that the victims were not aware that it was happening.

As the first streaks of dawn swept the sky, weary watchers about the pit appeared to renew hope that missing loved ones might be found, despite announcement that "all the live persons" had been removed. Whites and blacks huddled in the biting cold about the pit. Children stood throughout the night watching with sad but eager eyes. Joy occasionally rewarded watchers by workers turning up following their escape from two other exits. These were miles from the main entry and caused families to be separated from those rescued for some time.

Birmingham, Ala., Nov. 23.—(By the Associated Press.)—After rescue work throughout the night, officials of the Woodward Iron Company, owners of Dolomite mine No. 3, where a dust explosion trapped 475 miners yesterday afternoon, announced today that 83 bodies had been taken from the mine, and they feared the total toll of dead might reach 100.

Approximately sixty men were reported injured by the blast. The other men escaped unharmed.

Scenes of pathos about the mine mouth continued as relatives and families of miners waited news of their loved ones.

Many men, it was believed, had reached safety through the runaway connecting the mine with mine No. 2 and had re-entered the workings to help in rescue work without communication with company officials or relatives.

Relatives Kept Watch.
Anxious relatives, however, kept watch all night refusing to quit their post until they learned something definite of their loved ones.

STATE OFFICER SAW MURDER IN CAPITAL TUESDAY

Sherman Searle Tells Story of Shooting in Springfield.

Springfield, Ill., Nov. 23.—(By the Associated Press.)—Sherman W. Searle, of Rock Island, assistant director of the Department of Public Welfare, today gave his version of the fatal shooting by John Elison Tuesday night of James Farley and William Bailey. Mr. Searle said he witnessed the shooting from his room in the hotel across the street.

The first shot fired, Mr. Searle said, attracted his attention as he was about to get in bed. He stepped to the window and located the figures by the next shot. One man, he said, was lying on his back on the sidewalk and another was on his knees.

While they were in this position he said, the man who held the revolver, pointed it at the kneeling figure again and fired, and then turned it on the other figure and pulled the trigger again.

This is the substance of the evidence Mr. Searle will give the grand jury, to which John Elison was held yesterday. Years ago Elison became incensed at a story written about him in the State Register and invaded the office of the city editor and fired a revolver three times but without hitting anyone.

Both Elison and Assistant Attorney General Virgil Eland of Rock Island, who was with him in an alleged soft drink parlor earlier in the night refused to speak of the shooting. Elison is held without bail for action of the grand jury which will meet Monday.

HORTICULTURISTS IN FINE MEETING; MANY EXHIBITS SHOW WORK

J. L. Hartwell of Dixon Showed Fine Apples at Sterling Meet.

Sterling, Ill., Nov. 22.—A score or more of varieties of apples furnished the biggest single exhibit of any fruit or vegetable at the fifty-fifth annual convention of the Horticultural Society of Northern Illinois, which has been in session at the Congregational church in this city since Tuesday morning.

With the exception of a few showings of pears, the remainder of the exhibits was made up of vegetables—sweet potatoes, carrots, turnips, beets, parsnips, cabbage and other garden truck.

Among the large exhibits was that of J. L. Hartwell of Dixon, who this year sold 2,500 bushels of choice Johnathans, Grimes Golden, Northern Greenings, Minklers and Salomes. Mr. Hartwell is one of the most successful growers of apples in northern Illinois, and has always taken an active part in horticultural matters in this section of the state.

The meeting of the horticulturists was opened on Tuesday morning by an address of welcome by Mayor James P. Overholser. The concluding session was held this afternoon.

At the afternoon session on Tuesday, special memorial services were held in tribute to the late A. W. Brynaton of Mt. Morris, who was for years president of the Northern Illinois society and who was one of the most widely known grower and fruit authority of this section of the country.

BENJAMIN AMBLER, PAW PAW MAN, DIED SUDDENLY IN NIGHT

Coroner's Inquest Held Over Remains There Yesterday.

(Special to Evening Telegraph)
Paw Paw, Nov. 23.—Benjamin F. Ambler, a resident of this place for several years, passed away at his home here about midnight Tuesday, his death following an illness of long duration. The end came suddenly and Coroner S. J. Whetston arrived yesterday and conducted an inquisition over the remains.

During the inquest, it developed that while the deceased had been afflicted for some time, that he had little or no medical attention, but resorted to a science practitioner from Aurora, who called weekly to attend him. Mrs. Lilly Ambler, wife of the deceased, gave a history of his last illness and treatment as follows:

"He was taken sick about the first of September. He worked as janitor at the school until the 25th. He said that he wanted no materia medica. He had submitted to two operations and suffered greatly. After we were married he came into science and was relieved of the suffering he had gone through before. At the time of his illness he preferred Science to anything else. We called Dr. Avery once, but he did not prescribe. He said Mr. Ambler was suffering from kidney trouble. Mr. Ambler told him that he wanted Science treatment. The doctor told him that he had a right to have what he wanted."

"He was under the Science treatment and did not suffer, but found great comfort and told me that the Science treatment was what he wanted. I tried to do as he wished."

Explained Science.
In reply to a question by the Coroner as to what he meant by the Science treatment, the witness answered "to know the truth and it will make us free from disease, suffering and death. Ben never took any medicine," she added. "He said he did not want it. I could not see that he was falling as he was a man that never missed a meal, was cheerful and grateful for what good he received. He was conscious and cheerful to the last and talked and laughed with us. He did not appear to know that he was near the end and I did not."

Mrs. Etta Bell Ambler of Kingston a sister-in-law testified at the inquest that "Ben wanted nothing but Science" and that he had told her that if he had a doctor that it would be instant death. She said that a Mr. Skudder, a practitioner had been giving him treatments weekly.

"After conducting an investigation, Coroner Whetston yesterday ordered a post mortem to be conducted on the body to ascertain the cause of death. Dr. W. M. Avery and Dr. H. Stetler performed the autopsy and at the inquest gave their opinion that death was due to a heart blood caused by a clot of coagulated blood in the left ventricle. The coroner's jury which was composed of A. S. Wells as foreman, Frank E. Nangle, L. A. Coss, Albert Woods, Thomas Harper and W. T. Chaffee returned a verdict according to the finding of the physicians in the autopsy."

Barber Gave Evidence.
F. J. Adams, Paw Paw barber, testified at the inquisition that he called at the Ambler home Saturday afternoon to shave the deceased, and at that time he was unable to converse and was sitting propped up in a chair. Mr. Adams stated that Mr. Ambler's vitality at that time was very low and that he was only able to mumble. He added that he noticed

American, British Firms Preparing to Move from Near East

Constantinople, Nov. 23.—(By the Associated Press.)—American and British interests are preparing to remove their property and personnel if the Lausanne conference fails to establish peace in the Near East.

The largest and oldest British business house in Turkey began today to transfer its stocks, valued at \$1,500,000 to the docks. This action was a signal for several local firms to close.

American and British concerns have chartered large steamers.

The Near East Relief today transferred three million pounds of relief supplies and staff members, together with several hundred orphans, to Piraeus.

Pre-Holiday Trade Day Here Saturday

In this edition of The Telegraph the merchants of Dixon announce the greatest Pre-Holiday Trade Day bargains they have ever offered their patrons, and it is expected the city will be thronged with shoppers from early in the morning until late at night, for copies of this paper will be delivered to every house within a radius of thirty miles.

Careful perusal of the advertisements of the business men of this city will convince all that exceptional cuts have been made by the merchants to enable shoppers to effect great savings in all lines here next Saturday. Read the ads, check the articles in which you are interested and among the throng of satisfied shoppers who will benefit from this Pre-Holiday Bargain Day.

LEGION TEAM MINUS SCHULER PLANS NEW LINE UP FOR ELGIN

"Chub" Will Leave for California Before Elgin Contest.

George "Chub" Schuler will be out of the game next Sunday when the Dixon Legion goes to Elgin to meet the Legion team of that city. "Chub" will leave before the end of the week for California where he expects to locate, thus leaving a big vacancy in the local backfield, where he has very capably held down the position of quarterback.

His leaving which became known last evening at practice, made necessary a sudden switch in the team lineup. Whippleberg will be sent back to his old position at quarter back. He has been used in the line on end position, but Dalton will take his place. Risley will very likely be switched from tackle to end for Sunday's game and Garvey will be welcomed by the local fans in the line at tackle. Later, if necessary, Dalton may be switched into the back field.

While the team as a whole are mourning the loss of Schuler, they are equally fortunate in having at this time, a very good candidate to fill his place. Whippleberg's home is in Elgin and he has received numerous attractive requests to join the Legion team of his home town this season. Coach Dixon is today trying to arrange to have both of the early morning Northwestern passenger trains stopped at Geneva for the accommodation of the local fans who prefer this mode of transportation to Elgin. Train No. 24, leaving here at 6:52 in the morning makes a regular stop at Geneva, but No. 18, going east at 8:40 is not scheduled to stop there. If arrangements can be made for the latter train to stop at Geneva, many of the fans can go to Geneva and then take the interurban to Elgin, returning via the same route.

Bid of \$30,000 on Universal Oats Co.

At a sale of the Universal Oats company of this city held Tuesday, the total amount bid for the entire assets of the company was \$30,100. The sale was well attended and fairly well attended. The referee in bankruptcy who was present at the sale, stated that he felt that the price offered was entirely inadequate. He asked the trustee to file a report of the sale which will be passed upon at the office of the referee in Rockford Saturday, Nov. 25, at 2 o'clock.

The bid of \$30,100 which was offered, was that of local parties who are interested in the company and business. It is the opinion that the property and equipment cost approximately \$350,000. After payment of delinquent taxes and mechanics' liens, it is said that the balance would be sufficient to pay a dividend to creditors of about three per cent.

Women Members of Y. M. C. A. Needed

To insure the formation of gymnasium classes for women at the local Y. M. C. A. it is imperative that a large number of the fair sex become members of the institution in the immediate future. Two classes for women will be formed, to meet every Monday if sufficient members are forthcoming. The membership fee for business women and girls is \$5 per year, for school girls, \$3.50.

ACCUSED MAN OF BEING O'CONNOR IS FATALLY SHOT

Ottumwa Man Joked with Stranger; Man Escaped.

By Associated Press Leased Wire
Ottumwa, Iowa, Nov. 23.—Oliver Dimmett, local mechanic, is in a critical condition at a hospital today suffering from a bullet wound which probably will prove fatal, inflicted by a stranger last night after Dimmett had remarked that he looked like Tommy O'Connor, noted Chicago bandit. The stranger, who was about 30 years old, and had been around Dimmett's shop most of the day, fled immediately after the shooting. Local police and officials of neighboring counties are watching for him.

Dimmett had a picture of O'Connor on the wall and glancing from it to the stranger remarked, "you're Tommy O'Connor." He turned around to face a .32 calibre gun, backed by the command to "stick 'em up."

Dimmett thought the man was carrying out the joke he had started and laughingly said, "now I know you're Tommy."

Eight Ohio Players to Play Last Game

By Associated Press Leased Wire
Columbus, O., Nov. 23.—Eight Ohio State football players will participate in their last western conference football game Saturday at Urbana. They are Captain Pixley, H. H. Blair, Wilmer Isabel, and Constantin Farcassir, half backs; L. S. Moorehead, end; Kenneth Pauley, tackle, Edward J. Knap, center and A. C. Michaels, full back.

Pixley may have completed his football career last week for he may not play Saturday due to injuries to his shoulders.

Detroit Clubs Must Guarantee Purses

By Associated Press Leased Wire
Detroit, Mich., Nov. 23.—Organizations staging boxing bouts in Detroit hereafter must post a \$5000 bond to guarantee the sum named in contracts with boxers under a ruling announced today.

The order was issued after the failure of an athletic club to meet the guarantee agreed upon for a ten round bout between Joe Lynch, bantamweight champion, and Young Montreal, last night. The boxers declined to fight because the attendance was so small that only half of their guarantee could be met.

New York Central Plans Great Union Depot for Chicago

By Associated Press Leased Wire
Chicago, Nov. 23.—The Tribune today published a news story that the New York Central Railroad's engineers have worked out plans for a new Union depot here which would cost \$100,000,000. There was no indication when construction might be begun. It was said the station would front on Harrison street from Franklin to LaSalle, two squares. Plans, the paper said, involve the use of the station by fourteen other roads now using the LaSalle, Dearborn and Grand Central stations. A stretch of Chicago River would have to be straightened to accommodate the building.

Chicago Police to Stop Trains on Some Railroads in City

By Associated Press Leased Wire
Chicago.—Charging that eleven railroads entering Chicago have failed to carry out track elevation agreements, the city council has authorized Chief of Police Fitzmorris to use policemen to stop trains of these carriers at all grade crossings. A resolution to this effect was passed yesterday. The order will not become effective until November 29.

Legion Band Gets Prize Money Today

Commander T. J. Miller, Jr., this morning received a check for \$200 from Walter A. Rosenfield of Rock Island, which amount represents the prize money drawn down by the Dixon Legion band at the state convention at that city Sept. 23 and 25. The check will be turned over to Director Dudley Friedline of the band.

SUSPECT POISONING OF ENTIRE FAMILY INTENTIONALLY DONE

Authorities Investigate Mysterious Deaths of Family of Six.

Lancaster, Ohio, Nov. 23.—(By the Associated Press.)—While partial solution of the mystery surrounding the snuffing out of the lives of the entire family of Irvin Henderson—father, mother and four small children—was expected to come through examination of the vital organs of the two adults at Columbus today, officials were basing their investigation on the supposition that the family died of poison intentionally administered.

Theories that the deaths were accidental were cast aside while officials searched for the possible perpetrator and a plausible motive.

Opinion that the family whose bodies were found in the Henderson home yesterday, died from a quick acting poison possibly taken with their evening meal Tuesday, was expressed by Dr. R. W. Mondhank, local physician, who attended them several days previous to their deaths and yesterday performed an autopsy.

Woman Acted Strangely

Foremost in investigators' minds today apparently was the possibility that responsibility for the deaths rested within the family. Mrs. Henderson, according to Dr. Mondhank, had been in ill health and he laid stress upon the possibility that she might have been mentally unbalanced by protracted illness. She frequently had conducted herself strangely, Dr. Mondhank said, especially during illness of several members of the family which preceded their deaths and which, it was thought, might have been caused by taking poison either in quantities too large or too small to have fatal effect.

Attention still was being given the statement of Henderson to Dr. Mondhank, that he believed enemies were giving him poison and Henderson's indignation in an unmailed letter directed to the state department of health that some one might have entered his home and placed poison in the family's provisions, but these theories had been discounted somewhat by investigation. Henderson had given the physician the name of a man he said he suspected of bearing ill-feeling toward him because Henderson had been employed at the Pennsylvania Railroad shops where the shopmen's strike remains unsettled, but officials believed it highly improbable that such a speculation was possible.

Union Thanksgiving Service is Arranged

President Harding has proclaimed: "I... designate Thursday, the thirtieth day of November, as a day of thanksgiving, supplication and devotion. I recommend that the people gather at their family altars and in their houses of worship to render thanks to God for the bounties which have been enjoyed, and to petition that these may be continued in the year before us."

In accordance with this, the Dixon Protestant churches (except one or two that have special meetings of their own) have arranged for a union public service in the Grace United Evangelical church, at 10:30 o'clock on Thanksgiving day. The benediction will come in good time for all to reach their homes for the noon hour. The program for this service will appear in full next week. The offering will be turned over to the City Hospital.

Fail to Accept Any More Jurors to Try Herrin Murder Case

Marion, Ill., Nov. 23.—By the Associated Press. Examination of veniremen in an effort to complete the jury to try five men in connection with the Herrin mine killings last June was continued in Williamson county Circuit Court today.

Slow progress has marked the jury selection this week, no additional jurors being accepted by either state or defense, the jury standing—four jurors accepted, finally, and three accepted tentatively by the state.

Questioning of the last panel of 230 veniremen will be completed tomorrow when another panel will be called.

AUTO DRIVER KILLED CHILD THEN SUICIDED

Belleville Man Chose Death Rather Than Face Trial.

By Associated Press Leased Wire
Belleville, Ill., Nov. 23.—Martin Hostetter, 35, whose automobile struck and killed Edmund Delaney, 8 years old, last night, shot and killed himself this morning when police went to his home to arrest him on a warrant charging manslaughter. Police declared that Hostetter's machine was being driven at a reckless speed and on the wrong side of the street when he apparently lost control of the car and it swerved upon a sidewalk fatally injuring the child sitting upon the steps in front of his home.

Immediately after the accident Hostetter was arrested, charged with driving a motor vehicle while intoxicated, but later was released on bond. When the boy died a warrant charging manslaughter was sworn out.

Two Robberies Have Been Reported Here

The report of a bold daylight robbery was made to both the police and sheriff's office late yesterday afternoon. The home of Henry Ware, 511 Palmyra Avenue, just west of the Illinois Central viaduct, was entered by two strange men who ransacked the place. According to the report they took a new suit of clothes, a gold watch and two rings worth a total value of probably \$100. The pair were seen around the house by neighbors in the absence of members of the Ware family.

John Keenan has reported to the police the loss of about \$50 worth of supplies from his barber shop in the basement of the Rowland drug store. He has also furnished the police with the name of a suspect who is believed to have ransacked the shop and then left the city.

Injuries Cripple Lombard's Eleven

By Associated Press Leased Wire
Galesburg, Ill., Nov. 23.—Coach Paul J. Schissler of Lombard College put his crippled eleven through the final hard practice Wednesday night in preparation for the championship battle here Friday afternoon with St. Viator of Kankakee. With a half dozen on regulars on the injured list, Lombard will be handicapped for the game, but constant drill on the subs has brought the Olive team into such condition that they will be able to put up a stiff battle against St. Viator. Lamb and Swanson, stellar backs, are not expected to play, and the line will be weakened by the loss of three regulars.

Special Jury Will Hear Case Against Oklahoma Governor

By Associated Press Leased Wire
Oklahoma City, Okla.—The next major action in the case against Governor J. B. A. Robertson of Oklahoma on a charge of accepting a bribe is scheduled for next Monday at Ada when a special grand jury will meet. Thomas A. Edwards will hear arguments on the executive's motion to quash the indictment against him.

GOV. SMALL IN FAVOR OF WORK HE TELLS C. C.

Committee Conferred with Executive at Springfield.

(By Chamber of Commerce)
Governor Len Small, in an interview yesterday with a committee from the Dixon Chamber of Commerce, stated that he believed the arguments for certain improvements at the Dixon State Colony as presented by Geo. B. Shaw, chairman of the committee, to be fair and reasonable. Governor Small stated he was not in favor of new appropriations for state institutions which would only add another burden of taxation upon the people but as this appropriation had been made before and the needs of the colony justified the expenditure, unless something unforeseen arose these improvements would be completed as soon as possible.

Plans for the necessary buildings are about completed and contracts will probably be let in the next ninety days. The appropriation for new construction is over \$400,000, with a maintenance budget of \$100,000, making a total of over one-half a million dollars that will be spent at the Dixon Colony the coming year. Some of the improvements to be made will include a new hospital, additional dining room capacity, an amusement hall, a school, an administration building, a female tuberculosis ward and the erection of more cottages. These improvements will add to the comfort and convenience of the inmates and will give the state an opportunity to add additional patients from time to time as other facilities are adequate.

The Chamber of Commerce has been working to have this decision made for some time and they expect to meet Mr. Marth, architect for the state, in the near future in Dixon cooperating with him as much as possible in the furtherance of this project. Naturally the expenditure of this amount of money in Dixon's vicinity will add to the prosperity of the community.

The committee representing the Chamber of Commerce to interview the Governor was as follows: Geo. Shaw, chairman, E. E. Wingert, president of the Chamber of Commerce, representative John Byers, Senator H. G. Wright, and E. R. Oxnam, Secretary.

Lloyd Not Worrying About Imprisonment

Joliet, Ill., Nov. 23.—Facing assignment to some prison task, William Bross Lloyd, wealthy radical sentenced to serve one to five years for violation of the Illinois Anti-Syndicalist law, today began his second day of imprisonment.

The program for today called for an examination by the prison physician to determine his fitness for manual labor, followed by a mental test. Lloyd will not be assigned to the staff of prison instructors, officials said, because of his radical tendencies.

Burlington Fights Nebraska Tax Levy

By Associated Press Leased Wire
Lincoln, Neb., Nov. 23.—Hearing on the request for an injunction by the Burlington Railroad against State Tax Commissioner Osborn and county treasurers which seeks to prevent the collection of the 1922 tax levy, was continued yesterday until Saturday by Federal Judge Munger. Hugh Lamaster, assistant attorney general of Nebraska protested the hearing of the suit by the federal courts and declared the issuance of such an injunction at this time would upset all the tax collecting machinery of the state.

DOPE INDICATES THREE BIG TEAMS TIED FOR HONORS

Only Uncertainty is Apparently Booked for Maroons.

By Associated Press Leased Wire

Chicago, Nov. 23.—Football interest in the Midwest today, centered on three of next Saturday's games—Chicago vs. Wisconsin, at Chicago; Iowa vs. Northwestern, at Iowa City; and Michigan vs. Minnesota, at Minneapolis. Results of these three games will determine the champion, or perhaps the champions of the "Big Ten" conference.

Chicago, Iowa and Michigan will enter the games undefeated and tied for championship honors. Dope tables indicate the standing should be the same after Saturday's games.

The Maroons apparently will be forced to show the most speed as the Badgers have a heavy, hard hitting team. Northwestern, it is believed, will not prove hard for Iowa. Michigan was expected to outclass the Gophers.

The Maroons were reported today on edge after nearly a week's drill in defensive practice against Wisconsin's passes and plays. New plays were run by the Badgers and they were reported as fully prepared to enter the game Saturday to upset Chicago's chance for the championship.

Michigan went through its final practice yesterday on Ferris Field. It was one of the hardest of the season. The linemen were given a long session of blocking and tackling while the back field men were drilled in running back punts and open field running.

Iowa regulars went through a successful drill yesterday, making long gains against the scrubs. But some weakness was shown in defensive works.

that his breathing was difficult and that he was hardly able to sit in the chair. The barber stated that the door was locked when he arrived at the house and was locked again after he had finished shaving the deceased and started back to his shop.

Dr. Wilbur M. Avery told the jury that about the middle of September he visited the patient and found the body to be in a bloated condition and the patient unable to put on his own shoes. "An examination of the chest showed the heart to be enlarged. There was a leakage of the heart and there was fluid in the lungs. There was a considerable cough and he had difficulty in breathing. He could not lie down. Ben said, 'We asked you to come down and find out my trouble. You were the last to give medicine and would probably be the first to give it again. I am using a practitioner.'"

"I told him whatever he did, to do something, for he was in mighty bad shape. I think that I told him then to eliminate meats and sweets. I think that medical treatment would have prolonged his life as I did not consider his condition acute."

Several witnesses were examined at the inquisition, including relatives and residents of the village who had known Mr. Ambler for many years.

ROB SECTION FOREMAN

The local police and sheriff's offices were notified yesterday afternoon that two tramps had held up and robbed S. A. Hagen, section foreman for the Illinois Central in the railroad yards at Haldane. An army overcoat, a leather coat, and two passes were taken. The two men boarded a south bound extra freight train, which was searched as it passed through the Dixon yards, but the men were not found.

MRS. FLAGLER VISITING RELATIVES HERE—

Mrs. Flagler, of Cincinnati, Ohio, formerly Miss Jessie Hill of Dixon, is visiting Miss Martha Smith and Mr. and Mrs. M. R. Forsyth.

PRACTICAL CLUB HAD MEETING—

The members of the Practical club met with Mrs. Clinton Rhodes, 216 Chamberlain street Tuesday afternoon.

There was a good attendance and all enjoyed the afternoon very much.

After the business Mrs. Ahrens gave Favorite Quotations, followed by a book review by Mrs. Worsley.

This was not finished because of the lateness of the hour, but will be concluded at the next meeting.

Music was furnished by an orchestra composed of high school boys and they made a very good impression on their first appearance in public.

Refreshments were served very daintily, Mrs. Rhodes being assisted by her mother, Mrs. W. C. Stauffer.

IDEAL CLUB HELD MEETING—

The Ideal club met Wednesday afternoon with Mrs. Fred Wolkne.

There was a good attendance and the members responded to roll call with Thanksgiving thoughts.

The paper was read by Mrs. Will Wilson on the Near East crisis, giving the reasons for the six different nations being involved; trade relations, ancient traditions, and religious figure largely in the present turmoil.

Current Events were given by Mrs. L. W. Newcomer and she also gave a very graphic description of the Hippodrome of New York.

Following this, two numbers were given by Mrs. Blake Grover, in her usual charming manner.

The hostess, assisted by Mrs. Jacob Wolkne, served very delicious refreshments.

LIGHT BRIGADE TO MEET AT CHURCH—

The Light Brigade will meet at St. Paul's church Friday afternoon, at 4 o'clock. Each child is requested to have with them a jar of fruit or jelly or a vegetable. The mothers of the children are also invited.

is not always advisable to ship to big centers, in fact it is better to sell to small dealers within a radius of 100 miles of where the fruit is produced. It means better fruit to the consumer, as the fruit does not have to be picked green.

Because marketing conditions help and other things have not been just right, many have followed the line of least resistance and have given up the raising of first one kind of fruit and then another, and have tried raising different kinds of fruit, but after a period when conditions have improved they have gone back to raising some of the kinds of fruit that they had given up.

The speaker stated that in looking over orchards in all but four states in the union he had never found two orchards alike, or had never seen them cared for in the same manner. The main thing, as he put it, is quality plus yield. He spoke on pruning trees, telling how some did too much of it and others not near enough. He stated that from the excellent exhibit shown here that it proved that good fruit can be grown here. He urged all fruit growers to get into the local horticultural society.

Tuesday Afternoon.

The program Tuesday afternoon was most interesting full of valuable information and statistics for the planters and fruit growers. Prior to the papers by Illinois Horticulturalists and discussions, Miss Nova Morehouse pleased her hearers with a selection on the melodious pipeorgan, and Mrs. Herbert Gebhardt sang a group of pretty vocal selections.

J. A. Young of Aurora read a paper on "Plan to Plant Another Tree," and was introduced as the father of this growing movement. Mr. Young quoted numerous statistics, and explained the necessities of tree planting. He said he believed horticulture to be one of the greatest industries in America, and emphasized the necessity of more publicity and advertising to enlighten the people on what horticulture really means.

"Plan-to-plant-another-tree" movement was organized on February 10th and it was not long until it showed great growth in Illinois, and is now strong in thirty-four states of America," said Mr. Young.

"America is a wealthy nation, a nation of many industries and believes in better education in schools and everything that leads to better service to home and country. Circumstances have forced men to organize into groups for business and social reasons, as well, and our organization aims to build up the horticulture field. Horticulture is less talked about and advertised than any other industry, but does annually more business than any other organization in America unless it be that of agriculture."

Mr. Young explained commercial and

amateur horticulture and their importance in the tree planting habit of America, declaring that this country has less active interest in tree planting than in most any other activity.

He said the florists nurserymen and horticulturalists have been asleep, and need an awakening.

"We are all working to make our community a better place to live in and to plant another tree means higher thought, and planting of plants and flowers is a way to goodness and God," said the speaker.

Small Fruit Situation.

"The Small Fruit Situation in Illinois" was treated by Dr. Colby of the University of Illinois. He brought to light the remedies for the decrease in fruit acreage in the last decade. Dr. Colby cited many situations that he had seen, especially in the strawberry crop.

"The best kind and variety of plants should be procured for planting, and improvement should be made on the cultural methods now in vogue, more should be learned about pruning root systems, mulching and irrigation, and care should be exercised to produce kinds and varieties adapted to our certain conditions." Dr. Colby spent a few minutes also in the discussion of co-operative marketing, subject widely talked about and also spoke of the opportunity of peddling the fruits raised on the fruit farms.

Fertilizer in Orchard.

G. L. Smith, of Geneseo read a paper on "The Use of Fertilizers in the Orchard." He explained that it was not from a scientific investigators point of view that he had formed his paper but from his own experiences. Mr. Smith said many think only of the external growth, rather than the conditions in the internal growth of the tree. He gave chemical uses for orchards that had proven good results for him, and gave plain facts as he had obtained them from his orchard.

THE NORTHERN LIGHTS—

(From Philadelphia Public Ledger.)
When light was born, not all the speeding rays
Divine invisible, returned in pure
Ecstatic beauty form that now endure
Where once black chaos reigned; their
pagan'd praise
is uttered not in glorious sights that
daze
While sunlight fills the scene; the
magic lure,
Of northern lands in thralldom holds
secure
Those errant beams whose brilliances
amaze.

The northern sky is purple black, fit
stage
For wonder dancing lights—the music
glow,
Mysterious, unheard on earth—that
go
in solemn stately march; anon they
rage
in hasty war against night's dark-
ning page
And anger's swiftly changing shades
they show.

HONORED BRIDE AND BRIDE- GROOM AT ROYER HOME—

A very pleasant and enjoyable
gathering of seventy-five neighbors
and friends of the immediate
community, was held at the hospitable
home of Mrs. Laura M. Royer Mon-
day evening, in honor of her son, Les,
and his new bride, formerly Miss
Ruth A. Mathias of Rock Falls.

The young couple were married al-
most a year ago, Dec. 7th, 1921, at
Waukegan, Ill., and have truly kept
their marriage a secret, and last Wed-
nesday evening showed their marriage
certificate to their families, for the
first time announcing that they had
been married for eleven months.
Neither one of them ever denied being
married when asked about it, but both
being of a joking nature, no one ever
believed it to be true.

Mrs. Royer was assistant in Dr.

Palmer's dental office for twenty-one
months and previously to that, a very
competent clerk for a year and a half
at the J. K. Chester Co. store at Ster-
ling.

Mr. Royer has been farming his
mother's farm at Gap Grove for the
last seven years and he and his bride
will make it their home.

On Monday evening congratulations
were showered upon the bride and
bridegroom and they were presented
with some beautiful and useful gifts
as they enter upon their new life.
A pleasant feature of the evening
was the presence of four recently
married young couples, and with the
intermingling of many more, young
and old, an evening of pleasant mem-
ories was passed, not soon to be for-
gotten.

Music was enjoyed during the even-
ing and refreshments were served.

GAVE LUNCHEON SATURDAY, NOVEMBER 18TH—

Mrs. Jesse Dysart, Mrs. R. C. Gross,
Mrs. William Crawford, Mrs. Banker
and Mrs. P. C. Gross, of Franklin
Grove, gave a delightful 1 o'clock
luncheon at the home of Mrs. Dysart
on Saturday, November 18th.

Fifty-five ladies were present at the affair.

The home was lovely with carna-
tions and ferns. After the luncheon
five hundred was enjoyed until 5 o'-
clock. The out-of-town guests were
Mrs. John Cover of Washington, D. C.,
Mrs. Mae Spunner of Lake Zurich, Ill.,
and Mrs. W. J. Leake of Amboy.

U AND I CLUB HAD MEETING—

The members of the U and I club
held a very pleasant meeting yesterday
afternoon with Mrs. C. W. Lindeman.
There was a large attendance of mem-
bers.

A paper, "The Origin of Thanksgiv-
ing Day," which was interesting, was
read by Mrs. C. W. Lindeman.

Mrs. William E. Crews gave several
enjoyable piano solos.

Mrs. L. N. Deutsch gave a group of
readings and responded to the encore.

The remainder of the day was spent
socially and tempting refreshments
were served.

Next meeting will be with Nellie
Bishop, Dec. 5th.

PHIDIAN ART CLUB TO MEET—

The members of the Phidian Art club
will meet on Tuesday, Nov. 28th, with
Mrs. H. U. Bardwell, 612 East Second

the paper of the afternoon on "The
Psalms."

A large attendance should be pres-
ent as City Attorney E. E. Wingert,
President of the Chamber of Com-
merce, will address the club on the
question causing much comment at
present, "The Difference Between the
Old and New Constitution of Illinois."

Indian Race Grows 12,500 in Decade

By Associated Press Leased Wire
Washington, Nov. 22.—The Indian
race is not a dying one. E. B. Meritt,
Assistant Indian Commissioner, says
the 340,917 Indians now in the United
States, represent an increase of ap-
proximately 13,500 over the number
ten years ago.

The increase has been brought about
the assistant commissioner says, by
improved housing conditions and in-
creased hospital and medical facilities.
There are 78 hospitals at the Indian
reservations in the Indian Service 150
physicians, 81 nurses and 29 field mat-
rons, the latter visiting the home of
Indians to improve living conditions.

"We are educating in our Indian
schools and in the public schools of
the country 60,000 Indian children,"
Mr. Meritt says. "And are asking for
increased appropriations with a view
of ultimately placing every Indian
child of school age in school, on the
theory that education, industry and
sanitary living conditions are the solu-
tions of the Indian problem."

Jas. Watson Says, "I'll Never Forget When Father's Hogs Got Cholera."

dents had conveyed germs. Since then
I am never without RAT-SNAP. It's

1,500,000 Barrels of Oil Every Day

By Associated Press Leased Wire
Chicago, Nov. 22.—The American
oil industry of today, including 275,000
wells producing 1,500,000 barrels of oil
daily, started with one well producing
25 barrels a day, according to the
American Petroleum Institute.

Col. Edwin L. Drake, a pioneer in
the oil industry, brought in the first
producing well in 1859 near Titusville,
Pa. At the time the well was put to
the pump, the world was using fats
and greases for illuminating and lub-
ricating purposes and the automobile
was unknown.

Today upwards of 11,000,000 automo-
biles and thousands of tractors, oil-
burning ships, airplanes, submarines,
motor-boats and portable engines de-
pend on oil and its products for power
and lubrication, the institute estimate.

May Add Two More Victims to List of Men Poisoned By Two

Chicago, Nov. 22.—Investigations
were under way today by the State's
Attorney's office that may add two
more victims to the list alleged to
have been poisoned by Mrs. Tillie Kil-
mek and her cousin, Mrs. Nellie
Sturmer Koulik, under indictment for
the murder of two of Mrs. Kilmek's
husbands and the attempted murder
of a third, now ill in a hospital.

Six of Family in Ohio Found Dead

Lancaster, O., Nov. 22.—Six mem-
bers of a family named Henderson
were found dead in their home today.
Death is believed due to some kind of
poison. The father and mother
were found sitting in upright posi-
tions in chairs before the fire and
four children were in a bed. All were
fully dressed.

LaFollette Seeks Data on Proposed Merger of Packers

Washington, Nov. 22.—Senator La
Follette, republican, Wisconsin, in-
troduced a resolution today calling on
Secretary Wallace, who is expected
shortly to render an opinion as to the
legality of the proposed merger of the
Armour and Morris packing firms, to
submit to the senate all information
the Department of Agriculture has
relative to the proposal as well as
any recommendations he may make.

PICTURES THE PEOPLE WANT

Films starring one Fatty Arbuckle,
reported to have been worth \$2,000,-
000 a year during that actor's popu-
lar days, have been definitely scrap-
ped by the producing company. An-
other producer, in response to a re-
quest for ideas, received letters from
\$0,000 persons telling him they were
tired of crime and sex plays. Massa-
chusetts voters at the recent election
rejected censorship of movie almost
three to one. Ninety per cent of the
press was against censorship.

These straws make it clear that the
public has higher ideals than it has
generally been credited with. While
it does not favor the type of "plots"
too often associated with screen plays
the Massachusetts incident also
shows that it thinks public senti-
ment is the only censorship necessary
or desirable. Film producers are
awakening to the fact that they have
misjudged the public and are seeking
to correct the mistake.

It has not been long since the no-
torious attained in a trial like that of
Arbuckle would have been considered
valuable advertising. The people
made it plain, however, in that case
that they did not care to be asked to
admire the art or laugh at the antics
of a film actor whom they knew, by
his own confession, to be anything
but an admirable character. The
proprietors of his pictures have,
therefore, scrapped them—a sensible
procedure because it indicates that
they have regard for the judgment of
the public and because it will win
them public confidence.

The inquiring producer accepts the
opinion of 30,000 correspondents as
the verdict of the people. They don't
want nasty sex plays, he finds; they
would like to see pictured stories of
domestic life in which unfaithfulness
of husband or wife has no part.

Notwithstanding the fact that vicious
plays sometimes prosper and
low characters win success, the peo-
ple, taken as a whole, admire neither.
Take a cross-section of the American
public and while you will find rotten
spots here and there it is essentially
sound and healthy.

The movie people have not liked it
that censors have been appointed in
various states to look over the films
before they are presented to the pub-
lic, and that the latter are as much
opposed as the censors to the presen-
tation of pictures that may endanger
the morals of the young or do violence
to the sensibilities of refined persons.

With this lesson learned the way is
opened to the producers to give the
public good pictures for which there
will be no need of censorship. Under
the direction of Will H. Hayes, for-
mer postmaster general, they have
begun to do it. It is refreshing to
know that film producers have been
brought together and have acted or
agreed on the plans of production
that have already wrought a most
desirable change in the pictures that
are being put before the public all
over the country. Organizing of the
Motion Picture Producers and Dis-
tributors of America, Inc., has done
and is doing a great work. It is a
work which necessarily requires time
before it can be got well under way,
for the development of a right rela-
tion between exhibitor and distribu-
tor is a continuing problem. But
scores of the newer and better pic-
tures are already on the road, such as
The Storm, Smiling Through, The
Prodigal Judge, The Old Homestead,
The Bond Boy, Mile a Minute Mary,
Gimme, Captain Applejack and many
others.

Co-operation with the National Ed-
ucational Association also is doing
great things toward the bringing out
of pictures historically correct, and
portraying correctly habits, customs,

costumes, of people wherever they
may be; in short the motion picture is
being made a new pedagogic instru-
ment. Also the pictures we are now
sending to Europe, and we are send-
ing many, are such as to give Euro-
peans right ideas of America and of
American institutions. This in itself
is more than worth while counteract-
ing many wrong impressions and
wrong propaganda, creating new busi-
ness for America and at the same
time demonstrating what the republi-
can form of government means.

TO ORGANIZE THE SENATE

The move of Senator Modill McCor-
mick to do away with the seniority
rule of the upper branch of congress
and to make the steering committee
representative of all forces and ideas
will prove to be popular. The people
generally realize that the "seniority
rule is an arbitrary provision which
too often invests senior members
with too much power and prestige
and binds the senate with too much
red tape. Chairman of committees
should not be chosen on the grounds
of length of service on a committee,
but according to personal and even
partisan qualifications. Certainly, a
steering committee should include
representatives of all groups.

The senate will seem and probably
be less like an institution of vested
right if the chairmanships and mem-
berships of committees are distribut-
ed according to fitness and are
changeable with change of public
sentiment and of alignments in the
senate. Each year of service should
make a senator more valuable to his
country, provided he was senatorial
timber at start. On this promise the
long-time members would probably
continue generally to draw the most
important committee chairmanships,
but the awards would be made for
fitness and not by rule.

BARKING DOGS

An enterprising community which
believes in the comfort of its citizens
has just passed an ordinance making
it unlawful to keep a dog which barks
or howls persistently at night. A fine
of a dollar a night is imposed on the
owner. If this does not act as a sil-
encer, the dog-catcher appears and
the dog disappears.

There probably will be some lively
neighborhood rows until the public
has become trained to the new sys-
tem; but such an ordinance is in the
interest of the majority, whatever
the keepers of barking dogs may
think.

A good watchdog seldom barks.
When he does his warning is signifi-
cant and justified. The dog that
keeps people awake at night is not
good for much of anything, as a rule.
He is merely a disturber of the peace
that should be suppressed.

EXHAUSTED

President Harding, greeting East-
ern Star and other visitors, shakes
hands with 1450 people in one day.
Go out and work a pump handle
that many times and you'll wonder
how Harding stands.

Keep it up, day after day, month
in and month out, and your desire to
be president may evaporate.

We nominate President Harding
for president of the League Against
Hand Shaking, which is considering

BRINGING UP FATHER

a gold medal for the burlesque come-
dian who originated the saying "Give
it to him, he's saving them!"

ROCKEFELLER

John D. Rockefeller, senior, starts
south for the winter. He ventures
cautiously, by degrees, will arrive in
Florida around Christmas.

Only the extremely rich or the
tramp-poor can follow the birds to-
ward the equator now, ahead of the
snow.

But the airplane some day will
make the trip possible for nearly ev-
ery one, when production reaches a
point where men work only an hour
a day or bunch it into a month a
year.

MORIBID

Walter Masterson, carpenter, erects
a high board fence around the Phil-
lips farm, scene of the Hall-Mills
murder.

He will charge two-bits admission
to the steady stream of motorists,
continuing to arrive with curious
eyes from a score of states.

A New York "freak museum" pays
\$250 for an old piano and horse-hair
settee from the Phillips farm house.

Ponder this, to learn much about
human nature.

CANS ARE HEALTH BAROMETER

Secretary K. Webb of the bureau
of public work, Akron, O., remarks
that garbage cans are the most reli-
able barometers of the social life of
a community. His views are true in
principle and only partly true in fact.

Any community may be judged by
the condition of streets, alleys and
yards, especially back yards. The
community which does not care how
the town looks is a community that is
as well satisfied with misrule as with
progressive government.

LIFE

Tannous Karen celebrates his one
hundred and fifteenth birthday at his
home, Mt Lebanon, Syria. Writing
to his grandson in Boston, he gives
these reasons why he has managed to
cheat the grave since 1807:

"I have always been the enemy of
the vine liquor. I did not watch the
stars and I did not overstrain my
vital sources. The conscience and
heart should be kept free from worry.
Don't eat too much meat, but
use plenty of vegetables."

A plausible, logical formula. But

JAIL

A woman, mother of five children,
must serve 90 days in jail in St. Paul
for manufacturing moonshine liquor.
How much will you bet that she never
makes another batch?

Fines are easily paid. Jail is "not
so funny."

To be absolutely just in cases like
this, it would seem fairer if the boot-
leggers' partners-in-crime (custom-
ers) went along to jail with them. It
is the customers' thirst that incites to
crime—accessory before and to the fact.

A THOUGHT FOR TODAY

The secret of the Lord is with
them that fear Him; and He will
show them His covenant. — Psalm
25:14.

The longer on this earth we live
And weigh the various qualities of
men.

The more we feel the high, stern-
featured beauty
Of pain devotedness to duty;
Steadfast and still, nor paid with
mortal praise;
But finding amplest recompense
For life's ungarlanded expense
In work done squarely and unwasted
days.

—James Russell Lowell.

ADVENTURES OF THE TWINS

Nancy and Nick flew in their Green S shoes to the chocolate drop shaped house where Mother Goose lived.

It turned out that Scarecrow did not
have Mother Goose's broom after all.
For when Nancy and Nick flew off
in their Green Shoes to the chocolate
drop shaped house where Mother
Goose lived on a very high hill, and
told her that Scarecrow had a new
supply of arms and legs and a new
backbone, all made out of broom-
sticks, she shook her head.

"You say his arms are made out of
a blue broomstick, and his backbone
out of a red one and his gun out of a
yellow broomstick with green stripes?"
repeated the old lady.

"Yes," answered Nancy. "That's
right. And he feels awfully. He said
to tell you that you could have it back
if it cost him his life."

Mother Goose smiled kindly. She
patted her black cat and lifted her
biggest goose up onto her knee before
replying.

"No, none of the broomsticks that
Scarecrow has can be mine," she said.
"For, being magical, my broomstick
takes on the color of the sky wherever

I happen to be, so that I cannot be
seen from the earth and mistaken for
a bird by some venturesome hunter. If
the sky is gray, so is my broom. If
it is blue, my broomstick instantly be-
comes the same shade.

"If I am out in a glowing sunset,
the broom becomes crimson, and if it
storms, my steed becomes black as
night. Go and tell Scarecrow not to
worry about his poor bones. He may
keep them all, for none of them be-
long to me."

Off went the Twins to tell Scare-
crow the good news.

The Most Appreciated Husband in Town

SHE had secretly pictured International Sterling on

manner of home she presided over. She had fondly
hoped that she might pass some real family silver on

The village aldermen had a new concrete catcatcher built in front of the Long restaurant.

OBITUARY.

JOHN F. BOVEY.

(Contributed.)

John F., son of David and Eliza Bovey was born, Jan. 4, 1838 in Washington Co., Md., and came west three years later with his parents and settled on a farm in Pine Creek township, Ogish county, Ill., near Pennsylvania Corners, where he resided during his entire life. On Nov. 25, 1892, he united with the Pine Creek Christian church, retaining this faith throughout his life. He departed this life at a Moline hospital, Nov. 20, 1922, death resulting from a brief illness with pneumonia. He was 84 years, ten months and five days of age at the time of his death.

The deceased was an obliging neighbor, a fond parent and leaves to cherish a fond memory, two sons, Frank of Dixon, and Charles of Merton, N. D., three sisters, Mrs. Schumaker of Grand Detour, Mrs. Eliza Teeter of Chicago, Mrs. Clara Runkle of McConnell, Ill., one brother, William of Dixon, eleven great grand children, a

number of nieces and nephews and other friends.

The funeral services were conducted Wednesday afternoon at the Christian church by his pastor, Rev. D. F. Seyster of Pine Creek, assisted by Rev. Cleaver of Dixon. The music was furnished by Miss Emmert. The pallbearers were J. H. Ambrose, Jacob Longman, William Stauffer, Conrad Stein, Clifford Stiff and Samuel Netta. Interment was made in Evergreen cemetery at Pine Creek.

PILES ARE ABSORBED

NEVER TO RETURN

This New Treatment Gives
Absolute Relief from All
Pain and Suffering.
Guaranteed By Public
Drug and Book Co. and
All Good Druggists.

Perhaps the most amazing discovery of recent years in the field of medicine is the discovery that Piles or Hemorrhoids can now be successfully treated and cured at home by a wonderful substance to which the name of MOAVA has been given.

For years it had been known that many so called remedies were simply palliative and gave only temporary relief while surgical operations, often adopted as a last resource, did not remove the cause but simply the formation, in no wise acting on the source of the trouble.

The discoverers of MOAVA, justly

proud of their amazing discovery, desire all sufferers to know that they do not want a cent of anyone's money unless MOAVA, which comes in the form of suppositories, decisively conquers even in the worst cases, and they have instructed druggists all over the country to guarantee it in every case of blind, bleeding or protruding piles.

Each little suppository, containing a certain definite amount of MOAVA, reaches the exact place where by its soothing, healing action it first allays all inflammation, congestion and soreness; then being in direct contact with all ulcers and piles, causes them to be absorbed and vanish forever. In two or three days at most, even in cases of profuse bleeding, that have resisted all known treatments, really wonderful results have been accomplished.

SPECIAL NOTE—Out-of-town sufferers: 60 cents mailed to the Mecca Medicinal Products Co. of Rochester, N. Y., will bring a box by Parcel Post and guaranteed. Surely it's worth a little trouble to obtain to be rid of piles forever.—Adv.

HAIR DON'T STOP FALLING ITSELF

35c "Danderine" Saves Your
Hair—Ends Dandruff!
Delightful Tonic

Don't lose another hair! Don't tolerate destructive dandruff. A little Danderine now will save your hair; thicken and strengthen it; double its beauty.

Falling hair never stops by itself! Dandruff multiplies until it forms a crusty scale, destroying the hair, roots and all, resulting in baldness.

Your druggist will tell you that "Danderine" is the largest selling hair saver in the world because it corrects and tones sick, ailing hair of men and women every time. Use one bottle of Danderine, then if you find a single falling hair or a particle of dandruff, you can have your money back.

Watchman Killed By Wool Mill Robbers

Rockford, Ill., Nov. 22.—Robbers late tonight shot and killed Charles J. Watchman at the Lagoon Woolen Mills, Lagoon, Illinois, near here, and escaped with a quantity of billiard cloth which had been placed near a window at the mills. Fay's body was found by another watchman, when he came on duty to relieve Fay at midnight. He was lying in a pool of blood in the cloth room.

Death is thought to have been instantaneous from a wound in the heart. He also was shot through the right shoulder and his thumb shot off. His clothing was burned with powder. Fay apparently grappled with the robbers when he found them in the storage room.

Give Rockford 30 Days to File Brief in Plea for Rates

Springfield, Ill., Nov. 22.—Chief Engineer Frank G. Ewald of the Illinois Commerce Commission announced today that he had directed the city of Rockford to file a brief within thirty days in support of its application for lower electric lighting rates in Rockford. The Rockford Electric Company, which opposes a reduction in a

hearing before Mr. Ewald yesterday, was also given thirty days to file a brief.

What could be a more pleasant gift to mother than a newly painted, bright, cheery kitchen. Our flat-tone paints offer combinations that are very restful and pleasing to the eye. N. H. Jensen, decorator, 308 First street. 21-23-25

KING GEORGE OPENS NEW PARLIAMENT AND ASKS NEW LEGISLATION

Continuation of Ameliorative Measures Has Been Asked.

London, Nov. 23.—(By the Associated Press.)—The new parliament will be asked to continue and extend the ameliorative measures prepared by the Lloyd George ministry as regards trade and employment and also to guarantee a loan for the restoration of Austria, said King George today in his speech from the throne officially opening the session.

The King presented the hope that the Lausanne conference might result "in the establishment of peace and the restoration of security to inhabitants of regions which have recently been the scene of so much suffering."

The King spoke as follows: "My Lords and members of the House of Commons:

"The constitution for the Irish Free State having been passed by the house of parliament under the Irish Free State agreement act of the last session sitting as a constituent assembly, and it being required by the terms of that act that the constitution should come in force by December 6 next, I have summoned you to meet in order that legislation necessary to give effect to that constitution and to make provisions consequential on the establishment of the Irish Free State, may at once be submitted for your approval.

"The state of trade and employment continues to cause me deep concern: Ameliorative measures prepared by my late government are being examined afresh, and you will be asked to make provision for their continuance and extension and to guarantee a loan in addition to the league of nations scheme for the restoration of Austria.

"Negotiations for a settlement of difficulties in the Near East are proceeding and it is my hope that at the conference at Lausanne the efforts of my ministers, acting in whole-hearted co-operation with the representatives of our allies, may result in the re-establishment of peace and the restoration of security to the inhabitants of regions which have been recently the scene of so much suffering.

"And I pray that the blessings of Almighty God may rest upon your deliberations."

Brief Summary of Last Night's News

By Associated Press Leased Wire
PARIS—Grand Duke Nicholas, former commander-in-chief of the Russian army, was elected to succeed the late Czar Nicholas and the center for royalist activities was moved from Berlin to Paris at a meeting of the supreme council of Russian monarchists.

BERLIN—Chancellor Cuno formally took over the reins of government in Germany.

NEW YORK—The Rev. David G. Wells, president of the Presbyterian Synod of America, died of injuries sustained when struck by a taxicab.

KALAMAZOO, Mich. — Dr. Leroy Harvey head of the biological department of the Western State Normal School here, died from the effects of a malady believed to have been caused by an infection received in his laboratory work.

WASHINGTON — Invitations to participate with the International Federation of Trade Unions in a general labor anti-war conference at The Hague, Dec. 10, was rejected by President Gompers and the executive council of the American Federation of Labor.

ASHLAND, Wis.—Dr. Leo Braun, optician, a prize winner in national trap shooting contests for several years, died suddenly while hunting near here.

WARSAW—Final returns from the recent diet elections distributed the seats in the Polish parliament to be filled by the election as follows: Nationalists, 163; Catholics, 6; Witos party, 70; Socialists, 41; Radical Peasants, 55; Labor, 18; Communists, 2; and Non-Polish deputies, 89.

ROCK ISLAND, Ill.—John Looney, former publisher of the Rock Island News, and six others were charged with conspiracy to commit murder in an indictment returned by the grand jury investigating an alleged attempt to kill Dan Drost, at one time editor of Looney's paper.

CONSTANTINOPLE — Captain S. W. Bryant, U. S. N., left for The Hague to represent the navy at the international conference for fixing the rules of warfare at sea.

ROME—Queen Mother Margherita of Italy celebrated her 71st birthday by cruising for an hour under the sea in a submarine.

LAUSANNE—Allies block attempt of Turkey to regain Western Thrace, supporting the Greeks in opposing plebiscite to decide its sovereignty.

CORK—Bishop Cahan says that if sacraments have been denied Mary Mac Swiney, it is because the church authorities regard "hunger striking until death" as self murder.

LAUSANNE—Italian Premier Mussolini leaves for Rome and told Lord Curzon he will keep away from London until he has learned English.

BROOKLYN—Alonso B. See, wealthy elevator builder, declared he would burn all women's colleges to the ground and put all college girls at hard work for a year. This is his reply to appeals for money from Adelphi College of Brooklyn.

NEW YORK—Andre Tridon, authority on psycho-analysis, died.

People Over Forty

People aged forty or over are less able to resist the attacks of colds, grippe, influenza or pneumonia than young people. Their vital force lacks the powerful resistance of youth. Constipated bowels, sour stomach, indigestion, biliousness and weak kidneys all tend to lower the physical resistance. Millions of people now use Bulgarian Blood Tonic to keep the bowels open and improve the blood. Bulgarian Herb Tea taken steaming hot will help break up a cold quickly. Physicians and druggists everywhere recommend it.—Adv.

A LAWYER OR A LOVER.

BY ZOE BECKLEY

BEGIN HERE TODAY.

After 19 years of married life the tedium of matrimony had become intolerable for JOHN BARRETT, successful architect. He decides that the breaking point has been reached. Now, middle-aged, he must be freed of ties if he is ever to enjoy life to the full. He announces this to his wife, ANITA, and tells her that he loves MYRA DEAN, a woman of the world. Barrett learns that Anita has been none too pleased with life in the last few years. After counter-accusations of lack of sympathy and appreciation, Barrett goes to his attorney to arrange for a divorce.

"WILL YOU EXPLAIN—THE EMPHASIS ON THE YOU?"

of you, that's correct." "And equally correct," Barrett gave a short, mirthless laugh, "of what you feel for her. We might as well face things."

The lawyer held his look steadily as if measuring blows. Then with characteristic self-control, turned away. "If Mrs. Barrett should ask me to act for her," he said, seating himself at the desk, "I shall do so. As for what you say—whether true or a lie—I shall do all I can to hinder this divorce."

"Fair enough, perhaps," snapped Barrett, and the door closed sharply behind him.

Alleged Confidence Man Placed on Trial

Peoria, Ill., Nov. 21—Henry W. Rath, of Muscatine, Iowa, mugged shell dealer and alleged victim in a \$10,000 imaginary stock speculation swindle was to be the first witness this afternoon in the trial of Edward L. Thomas, alleged accomplice of Cornelius (Con) Gleason in the operation of the deal. The jury panel was completed shortly before noon and opening statements made.

His alleged partner Gleason is now serving an indeterminate sentence in the state penitentiary at Joliet.

MOTHER! BREAK CHILD'S COLD

Hurry! Move Little Bowels with

"California Fig Syrup"

Whatever else you give your child to relieve a bad cold, sore throat or congestion, be sure to first open the little one's bowels with "California Fig Syrup" to get rid of the poisons and congestion. In a few hours you can see for yourself how thoroughly it works the constipation poison, sour bile and waste right out.

Even if you call your family physician he will praise you for having given "California Fig Syrup" as the laxative because it never fails, never cramps or overacts, and even sick children love it pleasant taste.

Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on the bottle. Mother! You must say "California" or you may get an imitation fig syrup.—Adv.

LIBERALISM?—MORE LAWS?—PROHIBITION?—LESS LAWS?

WHAT DOES AMERICA NEED?

Telegraph Readers Are Going to Tell the World.

Ever since the war, Americans have sensed unrest throughout the country—orderly unrest, but nevertheless unsettled conditions, uncertainty, everywhere.

Try to analyze the cause. Every person will give you a reason—but each reason will be different. We all feel something is needed—but meantime, construction, business enterprises, new industries are being delayed by this uncertainty just at the time when the world looks to America to take the lead in reconstruction.

To thoroughly analyze this mass of conflicting beliefs and find out just what the country really thinks about it, the Telegraph, in co-operation with several hundred other representative newspapers, clients of NEA Service, will conduct a national poll on the question: "WHAT DOES AMERICA NEED?" Through letters from newspaper readers all over the country, a constructive, comprehensive survey of opinion will be made.

What do YOU think America needs? Write your opinions, discussing any matters you may think connected with the present national situation. Send your letters to EDITOR, EVENING TELEGRAPH. After they are published in the Telegraph these letters will be sent on to the NEA Service for listing in the national compilation, results of which will be carried in this newspaper.

Write your letters on one side of the paper only. Sign your name and address. Letters must not be longer than 200 words.

YOUNGEST MGR. OF SHIP LINES IN WORLD A JAP

Got Educational Start in Monmouth, Ill., Public School.

Chicago, Nov. 22.—To T. Komatsu, who arrived at the Blackstone yesterday, goes the distinction of being the youngest steamship manager in the world. He is the manager for America of Toyo Kisen Kaisha (Oriental Steamship Co.) operating the largest fleet of passenger and freight steamers between the Orient and America. At the age of 35, he heads an organization that includes three distinct fleets which aggregate more than a quarter of a million tons. These operate on regular schedules from Hongkong to San Francisco, from Hongkong to the ports of the west coast of Mexico and South America as far south as Valparaiso, Chile, and around the world freight service through the Panama Canal.

Komatsu's career reads like a romance. Coming to America at the age of 12, he found work as an errand boy and finally entered the high school at Monmouth, Ill. Graduating with high honors he continued through the college there from whence he entered Harvard. He returned home determined to enter the diplomatic corps. He

took a course in clerkship in the Toyo Kisen Kaisha in Yokohama, he advanced rapidly until he was the private secretary to the president of the company.

As the president spoke on English and yet was constantly dealing with the most prominent men of Europe and America, Komatsu became more and more valuable.

When the disarmament conference was called in Washington last year the foreign office of Japan drafted Komatsu and sent him to Washington as secretary and technical adviser to Admiral Kato, delegate to the conference.

When a new man was needed to fill the position of manager, he was there to fill it.

He is in Chicago making official calls and connections among railroad and other transportation interests.

HER AILMENTS ALL GONE NOW
 Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and weakness and at times was obliged to stay off my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. You may publish this letter if you wish."

There is one fact women should consider and that is this. Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing its merit.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Compound?

Night Sessions of Herrin Court Likely

Marion, Ill., Nov. 22.—With prospects of night sessions of court being held to expedite completion of the jury to try five men charged with murder in connection with the Herrin mine killings last June, a new panel of fifty veniremen was on hand in Williamson county circuit court for examination today.

A total of 230 veniremen have been called but only four jurors have been accepted. Better progress in selecting the jury was expected by attorneys for the prosecution today, it being reported a large number of farmers were among the new veniremen. A large majority of the previous veniremen were found to be coal miners, whom the state excused.

Railroad Company to Abandon Branch?

Springfield, Ill., Nov. 22.—Patrons of the Chicago, Peoria & St. Louis Railroad, from various towns along its route will meet in this city at 1:30 o'clock Friday afternoon to determine what action to take when operators of the road propose in the circuit court here December 9 to abandon the road, and dismantle it. Several plans for consolidation with other roads are in prospect.

Monmouth's Rate Plea is Held Up

Springfield, Ill., Nov. 22.—After submitting their compromise offer of lower rates for gas, electricity, and steam heat in Monmouth, attorneys for the city and the Monmouth Public Service Company, were unable this morning to prove to the satisfaction of the Illinois Commerce Commission that their compromise had popular support in Monmouth. The case was continued until next Wednesday in Chicago.

The reduction agreed to by the city council and the company was approximately ten per cent under present rates.

Two years ago the people of Monmouth in a mass meeting agreed to support the service company's petition for an increase which was accordingly obtained.

CORN NATION'S MAIN CROP SAYS GOVT. YEAR BOOK

U. S. Farmers Produce Three-Fourths of World's Corn.

By Associated Press Leased Wire
Washington, Nov. 22.—Corn, the Red Man's gift to the White Man, has come to be the nation's most important farm crop. Consumed either directly or in the form of meat and other animal products, it is the principal source of the nation's food supply. The 1921 year-book of the Department of Agriculture shows just to what extent the three billion bushel crop forms the basis of the livestock industry. Forty per cent of the crop is fed to swine on farms, 20 per cent to horses and mules on farms, and 15 per cent to cattle on farms. Only ten per cent is used direct for human food.

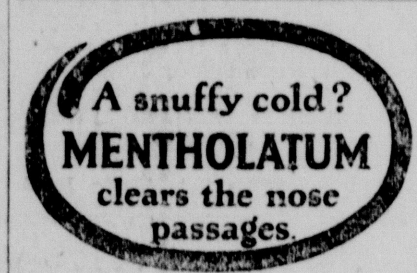

Corn was one of the most important gifts America made to the rest of the world. The United States now produces about three-fourths of the world's corn crop. That corn also is an important crop in Argentina, Brazil, Mexico and some of the southern European countries, is shown in the report.

Weather, insects and plant diseases have a great deal to do with regulating the size of the crop in the United States. The estimated loss

caused by common smut alone during the period 1917-1920 was placed at about 80 millions of bushels annually. Of insect pests the corn-eating worm, where abundant, causes a loss of at least 7 per cent of the grain on the ears attacked. The European corn borer also threatens to take a heavy toll.

It is stated that the production of the corn crop is financed with less borrowed capital than is the case with other staple farm crops. The reason for this is that the farmer's income is distributed throughout the year more evenly than is the case in many other sections, and because the direct investment in the crop consists more of the farmer's own labor and less of purchased material and equipment than is the case in many other crops.

The yearbook, which is obtainable through congressional representatives from the department, contains much data of interest and value to producers, including chapters on supply and demand to act toward preventing future crises for the corn grower.

Administration Ship Bill is Given Right of Way By Rules Body

Washington, Nov. 22.—By a straight party vote the house rules committee today brought in a resolution giving the administration shipping bill right of way in the house with provision for unlimited amendment and a final vote on its passage November 29.

In the senate today interest centered in the presence there as a full-fledged member of Mrs. W. H. Felton,

of Georgia, whose efforts to "blaze the path for American womanhood" were crowned with success yesterday when she took the oath of office.

It was indicated that the 87 year old "Grand Old Lady of Georgia" would step aside today in favor of Walter F. George, who was elected Nov. 7 as her successor.

Olympic Association Plans Greatest Team

Washington, Nov. 22.—(By the Associated Press)—The first steps for the participation of America's greatest Olympic team in the international games in Paris in 1924 were to be taken at the quadrennial meeting here today of the American Olympic Association. At that conference all differences which have divided several active sport governing bodies will be erased.
